Remarks

It is observed that the Examiner did not enter the applicant's amendment dated November 9, 2006 since it was not compliant.

In fact, applicant did not amend the claims with respect to the last entered amendment.

Thus, the applicant herewith submits a new amendment wherein the claims have been amended with respect to the last set of entered amended claims, i.e. claims filed with the amendment of August 19, 2006.

All the rejections under 35 U.S.C. 112 have also been dealt with.

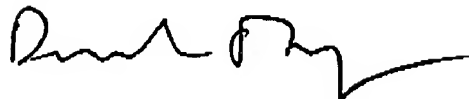

The amended claim 1 is now believed to be in order for acceptance and allowance thereof is respectfully requested.

It will be noted that a sincere effort has been made to positively respond to all of the points raised by the Examiner.

While it is believed that the amended claims properly define the present invention, applicant would be open to any suggestion the Examiner may have concerning different claim phraseology which, in the Examiner's opinion, more accurately defines the present invention.
